Experience ___

Flutter Developers Zim

Flutter Developers Zimbabwe Community

07/2022 - Current

• Software Engineering, SWE Skits & Entertainment, Tech Life, Coding, Career Advice,

IT Assistant (Internship)

Ariston Holdings Chipinge, Manicaland, Zimbabwe 03/2021 - 12/2021

- Data Security and Recovery
 - Managed and implemented security measures for data, software, networks, and computer systems for accurate data management and recovery processes; the company passed its annual IT audit and Rainforest Alliance audit.
- Business Information Systems transformation and process improvement for wage payments.
 - Led the development of several payroll, business and HR systems, from identifying system requirements and partner dependencies to workload balancing, software implementation and testing. The company successfully implemented a new wages and payroll system; this shortened the wage payment life cycle by an average of 3 days and increased level of tax compliance by creating and implementing new tax machines and multicurrency tax regime processes.
